Town Warrant
STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Brookfield in the County of Carroll in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Brookfield on Tuesday the ninth day of March, next, at seven of the clock in the evening to act upon the following subjects:

Polls will be open from 1:00 to 6:00 P.M.

1. To choose all necessary Town Officers for the coming year. (By Ballot)
2. Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the Brookfield Zoning and Land Use Ordinance as follows:

Amend the existing Zoning and Land Use Ordinance by adding a new article entitled Planned Recreation District for the purpose of allowing selected recreational and supporting non-residential uses as permitted by conditional use. Also to designate lands currently known as Moose Mountain Ski Area, Tax Map 30 Lot 2, as Planned Recreational district? (By Ballot)

3. Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the Brookfield Zoning and Land Use Ordinance as follows:

Amend Articles II through XV to renumber and to amend language of the Zoning and Land Use Ordinance to comply with changes in the New Hampshire Revised Statutes Annotated and to provide consistency with the Town Master Plan of 1990? (By Ballot)

4. Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the Brookfield Zoning and Land Use Ordinance as follows:

Authorize the Brookfield Planning Board to review and approve or disapprove site plans for the development or change or expansion of

use of tracts for non-residential uses, whether or not such development includes a subdivision of the site? (By Ballot)

5. Are you in favor of the adoption of Amendment No. 4 as proposed by the planning board for the Brookfield Zoning and Land Use Ordinance as follows:

Amend the Building Regulations to be consistent with changes to adopt the BOCA code by town meeting in 1990. Also to be consistent with administrative rules of the State of New Hampshire Water Supply and Pollution Control Division. (By Ballot)

6. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of the 1993 taxes.
7. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for the Expendable General Fund known as the Town Buildings Maintenance Fund. (Majority Vote Required)
8. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be placed in the Capital Reserve Fund for Town Road Equipment. (Majority Vote Required)
9. To see if the Town will vote to give the Selectmen authority to sell or transfer any property acquired by them by a Tax Collector's deed by public auction, advertised sealed bid or in such other manner as determined by the Selectmen as justice may require. (Majority Vote Required)

Treasurer's Report

JANUARY 1, 1992 to DECEMBER 31, 1992

During 1992, the Town reduced the number of bank accounts it maintained, and completed aversion to a "one-write" bookkeeping system, and to the new State reporting system. We currently have one account at Farmington National Bank (for the general fund), and one at Profile Bank (for the expendable capital reserve fund for building maintenance).

The Town borrowed \$100,000.00 in May, which was paid back at the end of June, and \$100,000.00 in November, which was paid back at the end of December. Total interest costs for these Tax Anticipation Notes was \$1271.41, down from \$13,400.70 for 1991.

The Town brought property and yield taxes in the amount of \$83,723.59; this amount is not included in the reports that follow, either as revenues or expenditures. A portion of these liens have been redeemed.

A reminder: There is a \$10.00 charge for any check returned by a bank for insufficient funds. Payment of that fine and that check must be made either in cash or by a certified check.

The reports that follow are true summaries taken from the books of the Treasurer for the period January 1, 1992 through December 31, 1992, and are complete to the best of my knowledge and belief.

Wakefield Area Ambulance Corp.

The Wakefield Area Ambulance Corp. responded to twenty-five calls in Brookfield in 1992. Of these two were for motor vehicle accidents, eighteen were for home accidents or illness and two were for fire calls. Of these twenty-five calls, twenty-one were transported to area hospitals.

The Corps presently has twenty-one members of which thirteen are Emergency Medical Technicians. Of the thirteen EMT's seven are qualified for defibrillation and three are qualified for intravenous treatment. We have three members who are Advance First Aid qualified and six members that are presently enrolled in an EMT course to be completed in the Spring of 1993.

During 1992 the Corps logged over 2000 hours of voluntary service on ambulance calls and training with no compensation other than personal pride and satisfaction of help to others in need.

The Wakefield Ambulance Association is made up of Corps members and interested townspeople donated over \$1500 in equipment from memorial and regular donations.

Please remember the Corps stills holds a free monthly Blood Pressure Clinic the first Wednesday of each month at the Wakefield Fire Station from 10:00 AM to Noon.

MALCOLM H. KURTH, Director

Visiting Nurse Association of Wolfeboro and Vicinity, Inc.

Enclosed is the schedule of costs of providing home health and clinic services to the residents of Brookfield in Fiscal Year 1992, and the computation of our 1993 Appropriation Request in the amount of \$175.00. Our request represents a decrease of \$550.00, and is based on services provided between 10-01-91 and 09-30-92. The number of residents served increased 44% while the number of home visits made increased by 250%.

	<u>1991</u>	<u>1992</u>
Number of residents receiving home care services:	9	13
Home care visits made	190	478
	<u>Residents Served</u>	
Clinic services provided include:		
Flu Immunization Clinic	4	
Child Health Program	2	
School Children Immunized	13	

The Flu Clinics are self supporting through fees collected; the Children's Programs are partially supported through funding from the State of New Hampshire Bureau of Maternal and Child Health.

We continue to bill insurances of all kinds whenever possible, and utilize a sliding fee scale to determine the fees for services to people whose care is not otherwise covered. All services provided are ordered by the individual's physician, who must review and reorder services at least every 62 days, as required by law.

Overall, the Agency experienced an 30 3/4% increase in services provided this year. As hospital stays continue to become shorter, there is an increase in both the number of home visits and the intensity of care provided; twice daily visits are not uncommon to enable residents to remain safely at home.

Service availability now includes:

- Skilled Nursing Care - 24 hours a day
- Health Aides - day and evening shift
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Medical Social Services

Report of the Lakes Region Planning Commission

The Lakes Region Planning Commission is a voluntary association of local communities designated by area towns as the organization that brings towns and cities within the Region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of current expertise include land use planning, transportation planning, master planning, environmental planning, capital improvement programming, impact fee studies, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems and computerized cartography, household hazardous waste collections and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our circuit rider program. The Commission also serves as a collective voice in dealings with state and federal governments protecting and furthering the interests of our communities.

Your support enables the LRPC to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, the LRPC:

- Provided consultation and assistance to twenty-eight member communities.
- Met repeatedly with state officials and agency representatives to influence policy and help keep the Region an active participant in many ongoing State programs.
- Contracted and coordinated the 9th, and largest, regional household hazardous waste program in the Lakes Region serving over eighteen municipalities in a one day super collection.
- Participated on the Governor's Advisory Committee for the creation of the Governor's State Park along Lake Winnisquam in Laconia.
- Sponsored local sessions of the N.H. Law Lecture Series.

- Sponsored local sessions of the N.H. Law Lecture Series.
- Incorporated and participated on the Belknap County Economic Development Council, a regional consortium of area towns for economic betterment.
- Supported the capitalization of the long awaited U.S. Route 3 and N. II. Route 11 community oriented transportation study of the Route 3 & 11 transportation corridor from Franklin to Laconia.
- Appointed to the Route 3 & 11 Policy Advisory Committee and entered into an Agreement with the N. II. Department of Transportation to participate in the undertaking of this important corridor analysis.
- Completed a comprehensive environmental, transportation and land use analysis of important industrial lands bordering Gilford and Laconia for future economic development efforts on behalf of both municipalities.
- Prepared an analysis of barriers to affordable housing that was used by the N.H. Office of State Planning and the N.H. Housing Finance Authority for developing strategies relative to affordable housing.
- Enhanced our geographic information systems capability. With two trained staff people, we provide advice regarding GIS to many member towns. We have completed GIS mapping for projects in Laconia, Franklin, Holderness and Moultonborough. We also are represented on the N.H. GIS Advisory Committee.
- Continued to participate on the State's Ad Hoc Route 16 Advisory Committee which is overseeing the Route 16 Feasibility Study designed to investigate steps to preserve the Route 16 transportation corridor to insure economic vitality and a high quality of life for the residents of communities and regions served by Route 16.
- Obtained approval from the N.H. Department of Environmental Services and U.S. Environmental Protection Agency to develop and promote local water quality protection regulations among communities bordering Lake Winnepesaukee. The project is expected to be funded in 1993 and carried forward into 1994.
- Continued to participate on and support the N.H. Heritage Trails efforts. The N.H. Heritage Trail is a recreational trail generally following the Pemigewasset and Merrimack Rivers from the Canadian border to the Massachusetts border.
- Made available the services of a recycling coordinator to area towns.
- Worked closely with the Merrimack River Watershed Council, Pemigewasset River Watershed Council, the National Park Service, Society for the Protection of N.H. Forests and others to protect open space and conserve important parcels of land along the Pemigewasset and Merrimack Rivers as part of two federal Wild and Scenic Rivers studies.

- Continued to administer the Region II Transportation Advisory Committee in coordination with the N.H. Department of Transportation. This group meets throughout the year and has established regional transportation priorities which are annually presented to the Governor's Highway Advisory Council and the State Department of Transportation for future transportation improvement projects.
- Continued to administer and participate in a number of master plan updates throughout the Region including, but not necessarily limited to, Belmont, Andover, Northfield, Holderness, Gilmanton and Sanbornton.
- Surveyed area towns to learn of the services that are of the greatest regional priority; e.g., education, data and information services and land use/water quality management.

Report of the Conservation Commission

The Conservation Commission met throughout the year and several important topics were discussed.

The Commission met with Larry Cavaleri at his property on Kingswood Lake to see about the installation of a culvert. The Commission was satisfied with his plans.

The dumping of foreign material in the wetlands behind Fogg's horse barn was discussed, and the Commission issued a complaint with the Selectmen.

There was a field trip to observe several of the wetlands in the town.

Respectfully submitted,
JAMES WHITEMORE, Chairman
Conservation Commission

Report of the Tri-County Community Action Program

The Community Action Program (C.A.P.) will once again request the support of the Town of Brookfield. Brookfield is one of only two Towns in the Tri-County area, Carroll, Coos and Grafton Counties, that has never supported the serves given by C.A.P.

C.A.P. provided \$2,373.34 in dollar value service to Brookfield during the past year (Fuel Assistance; U.S.D.A. food and services). Brookfield seniors continue to enjoy the weekly Congregate meal sponsored by C.A.P. on Friday's at St. Anthony's Church.

C.A.P. is requesting \$1,000.00 again this year. A representative of our agency will be

glad to meet with you at any time to explain our services. Please feel free to call 539-4165 and ask for this service.

Sincerely
Margie W. Vacca, Outreach Coordinator
Belinda W. Cullen, Outreach Coordinator

Report of Hospice of Southern Carroll County

Enclosed is the 1993 hospice budget as prepared by our board of directors. I am also enclosing a hospice brochure. This material completes our request for an appropriation from the town of Brookfield for \$500 (five hundred dollars).

We continue to offer the many services listed in the brochure free of charge to any individual and look forward to the 1993 opening of a special hospice room in Huggins Hospital. The newly decorated and comfortably equipped room will be available to terminally ill persons and their families and will provide a more home like atmosphere for the patient and family to spend time together.

We are working together with the Wolfeboro Area Visiting Nurse Association, exploring means of providing a medicare certified hospice program for the area in 1993.

Our sudden death support service and our bereavement groups have been well utilized this year and we expect there will be an increase in 1993.

Thank you for your past support. We hope for, and need, your continued support for our caring and compassionate work.

Report of the Bicentennial Commission

The Bicentennial Commission, appointed in August, has held two public informational meetings, presented a display on election day at the Town Hall, and sent a mailing to all Brookfield property owners concerning plans for the 1994 Bicentennial.

Preserving the past for future generations and celebrating that past in a variety of ways are the primary goals of the Bicentennial Commission. Several subcommittees have been formed and are at work on preservation activities: the cataloguing of all records, documents, books, photographs and artifacts in the Town Hall and school-room; a written account of the town's history including an architectural/anecdotal history of all pre-1940 houses; a graveyard adoption program; and the videotaping of

Brookfield as it appears today.

We are most appreciative of the interest, cooperation, and contributions of the townspeople and look forward to involving many more in the months to come, to make this an exciting and meaningful celebration of home.
